WESTERLY WON VICTORY OVER ACADEMY

may seem insufficient to some but its the best we can do.

The only first class may that Norwich pulled off was a brillant run contributed by Ray Reid, the speedy halfback. Ray recovered a fumble, in the first quarter, dashed madly down the greensward and placed the ball well over the goal line, which was about \$0 yards from the starting point. Whitney, of course, failed to kick the goal.

The big red and white line that has been the talk of the state since its fine performances in the two prevous games, shump.

It was not in the least the game our old friend the constable, put an end to it.

Reid and Quintillian played well for Grills were Westerly's shining lights.

Coach McKay was not put out much by the defeat and even believes it was a good thing for the boys. He is of the grills were Westerly's shining lights.

Coach McKay will start in this afternow looming up on the horizon. He knows his boys have the goods and can give them all a rub except on Tuesdays and when they are in the throes of a shump on that day; there never is and besides N. F. A always plays well on Saturdays.

Essex 4 Times Breaks Record In 4 Trips Across America

From San Francisco to New York in 4 Days, 14 Hours, 43 Minutes

Essex now holds the coveted transcontinental record. Four Essex touring cars have broken the former marks. Carrying the first United States transcontinental motor mails, between New York and San Francisco, they set new time records for their respective directions across the American continent. The distance each car travelled was 3347 miles.

> A Reliability Proof That Speaks for Every Essex

The fastest Essex time was made from San Francisco to New York in 4 days, 14 hours and 43 minutes, breaking the record by 12 hours, 48 minutes.

The average time for all four cars was 4 days, 21 hours.

Consider that hundreds of cars have attempted to break the transcontinental record. You have rarely heard of these attempts for the failures have not been given circulation.

Yet isn't it a remarkable and convincing proof of Essex ability and endurance that the only four Essex cars that ever challenged for the covet d transcontinental record were in every case successful?

NORWICH WINS EXCITING

Many managerial and legal obstacles had to be overcome before the match could be made, because of the various contracts which one or the other of the puglists had previous signed.

Carpentler was under an ironclad contract to Charles Cochran of London not to sign with any other promoter before Jan. 1, 1921. Rickard has held—Demnessey's signature to fight for him for some months and it became apparent that the international heavyweight battle could not be arranged for months to come unless the two promoters joined forces. This was finally accomplished by Brady, who ha sacted in the capacity of Cochran's American representative until the latter arrived here recently to complete the details personally.

The Tendency of The Bond Market

Declines in commodity prices have already favorably affected prices of high grade bonds and notes. Nevertheless it is still possible to select obligations selling but little above the lowest price level of the past twenty years. Such issues will guarantee a high income return which will have a steadily increasing purchasing power as commodity prices continue to decline, and also offer opportunities for future profits without speculation.

ELECTRIC LIGHTS

The Norwich Electric Co. **42 FRANKLIN STREET**

You know "It's toasted." But do you know why?

TUCKY STRIKE is the toasted cigarette. Lucky Strike is the toasted pipe tobacco. And because Lucky Strike is toasted it preserves the Burley flavor for you until you smoke it.

The exact reason for this is interesting. You see, when Lucky Strike is toasted the heat closes the pores in the Burley leaves, and literally seals in the Burley flavor. It stays there for months-years-until it is released by burning in your pipe or cigarette.

Or take the method of the bec. You can put a honey-comb away for months or years and the flavor is always there-inside. This is because the bee puts a thin coating of wax over the honey and seals it in, so it lasts forever.

The same with Lucky Strike. Toasting the tobacco seals in the delicious Burley flavor. It's there today, tomorrow, and forever after-to stay!

Whether you are a cigarette smoker or a pipe smoker you should get acquainted with the special and lasting flavor of toasted Burley tobacco-to be found only in the Lucky Strike brand. Buy a package and you will notice this improved taste immediately.
